INDEPENDENT AUDITOR'S REPORT

To the Management of N(N)LE Open Net

Opinion

We have audited the special purpose project financial statements of Log-In Georgia Project ("Project") financed by Financing Agreements IBRD Loan Number 9161-GE dated 31 August 2020 ("Loan Agreement") and Government of Georgia, and implemented by N(N)LE Open Net ("ON"), which comprise the statement of cash receipts and payments and the statement of expenditures per components for the year ended December 31, 2024, and notes to the special purpose project financial statements, including a summary of significant accounting policies.

In our opinion,

- the accompanying special purpose project financial statements present fairly, in all material respects, the cash flows for the year ended December 31, 2024 in accordance with International Public Sector Accounting Standard: Financial Reporting Under the Cash Basis of Accounting ("IPSAS-Cash Basis");
- funds have been used in accordance with the conditions of the Financing Agreements concluded between the International Bank for Reconstruction and Development ("IBRD") and Georgia, and WB Guidelines, and only for the purposes for which the financing was provided;
- supporting documents, records and accounts have been maintained to support claims for reimbursement of expenditures incurred. Expenditures included in the withdrawal applications and reimbursed against are eligible for financing under the Financing Agreements; Interim Unaudited Financial Statements (IUFSs) issued by ON during the Reporting year are in agreement with the underlying books of account;
- 4. The Designated Accounts used has been maintained in accordance with the provision of the Financing Agreement, and World Bank related guidelines;
- 5. Goods, Works and Services financed have been procured in accordance with the Financing Agreement and World Bank related guidelines.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing ("ISAs") as issued by International Auditing and Assurance Standards Board ("IAASB") of the International Federation of Accountants ("IFAC"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Special Purpose Project Financial Statements section of our report. We are independent of the Project and of the ON in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants ("IESBA Code"), and we have fulfilled out other ethical requirements in accordance with IESBA Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Matter

Data included on pages 5 to 14 accompanying special purpose project financial statements that are marked as "Unaudited" have not been audited.

Emphasis of Matter - Basis of Accounting and Restriction on Use

We draw attention to Note 2 to the special purpose project financial statements, which describes the basis of accounting. The special purpose project financial statements are prepared to assist to ON comply with the requirements of IBRD and for providing information to assist in evaluating the Project implementation. As a result, the special purpose project financial statements may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

Responsibilities of the Management and Those Charged with Governance for the Special Purpose Project Financial Statements

Management of the ON is responsible for the preparation and fair presentation of the special purpose project financial statements in accordance with IPSAS-Cash Basis issued by the International Public Sector Accounting Standards Board ("IPSASB") of the IFAC and Loan Handbook for World Bank Borrowers ("WB Guidelines"), and for such internal control as Management determines is necessary to enable the preparation of special purpose project financial statements that are free from material misstatement, whether due to fraud or error.

Those charged with governance are responsible for overseeing the Project Financial reporting process.

Auditor's Responsibility for the Audit of the Special Purpose Project Financial Statements

Our objectives are to obtain reasonable assurance about whether the special purpose project financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements arise from fraud and error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these special purpose project financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the special purpose project financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of the internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Evaluate the overall presentation, structure and content of the special purpose project
 financial statements, including the disclosures, and whether the special purpose project
 financial statements represent the underlying transactions and events in a manner that
 achieves fair presentation.

We communicate with Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The engagement partner responsible for the audit resulting in this independent auditor's report is:

8. Georgian operating environment

ON operations are located in Georgia. Consequently, ON is exposed to the economic and financial markets of Georgia, which display characteristics of an emerging market. The legal, tax and regulatory frameworks continue development, but are subject to varying interpretations and frequent changes which together with other legal and fiscal impediments contribute to the challenges faced by entities operating in Georgia. The special purpose project financial statements reflect management's assessment of the impact of the Georgian operating environment on the operations of the ON. The future operating environment may differ from management's assessment.
